SO... WHY AREN'T YOU BUYING RECYCLED
PAINT?!

DEBUNKING MYTHS

- It's so inexpensive, there must be something wrong with it
- Need to match specific color
- Couldn't find it at local big box store
- Painter said it peels off walls
- Poor quality & smelly
- Direct to metal application
- High temperature environment
- Close to ocean
- For interior application
- [insert additional excuses here]

WHY RECYCLED PAINT?

- Save Money \$\$\$
- Quality Assured
- Reduce energy consumption
- Conserve water
- Reduce use of raw materials & waste
- Generate less pollution
- Support domestic recycling markets
- Environmentally Preferable Purchase (EPP)
- SABRC compliant
 - >50% post-consumer recycled content

SABRC REQUIREMENTS

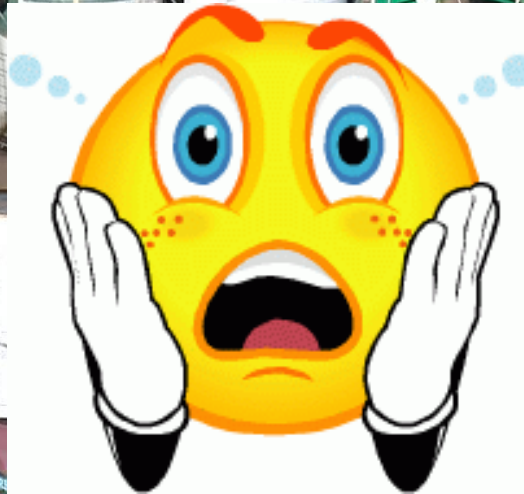

- **Paint is one of 11 State Agency Buy Recycled Campaign (SABRC) categories**
- **50% of dollars spent on paint, must be spent on recycled paint**
 - >50% post-consumer minimum content requirement (all CA recycled paints meet req.)
 - Ex: Buy 1 gal recycled paint (\$10) + 1 gal standard paint (\$30) → \$40 reportable dollars
 - \$10 of \$40 reportable dollars are SABRC compliant= 25% compliance
